

SEEKING JOB ATTACHMENT FOR CANDIDATE MOBILE CRANE OPERATORS

To Whom:

Mobile crane users

Our Need:

3-month job attachment opportunities for newly trained mobile crane operators.

Why:

- For industry to assess candidate operators' potential and further develop them to industry standards.
- For candidate operators to complete their 1 year vocational award in mobile crane operation at NQF level 2.

Candidates' status:

- Successfully completed 2 months traineeship theory & 1 month practical mobile crane operator training.
- Successfully completed phase 1 introductory job attachment as crane operator assistants, basic riggers / slingers and banks persons.

Benefits:

- 15 trained candidates available to choose from.
- In addition to mobile crane operator training, candidates also received training in health & safety, basic firefighting, hazardous materials, record keeping, quality- and productivity principles as well as working at heights.
- Medical fitness certificates currently in place.
- Candidates received accredited training to SAQA qualification standards.

Contact us:

- Namibia Construction Skills Academy (NCSA) tel: +264 (0)61 300 556
or e-mail to jannie@ncsa.com.na or mobile +264 (0)81 128 3045

Kindly consider providing a job attachment opportunity to one or more of these candidate mobile crane operators and/or include them in your internal training- and recruitment processes.
